09/28/18

Assault 4th Degree

G. Jamison #606

Narrative

On 09/28/18 at approximately 1038 hours I was dispatched to Fairfax Hospital, 10200 NE 132nd ST Kirkland WA 98034, to the report of an assault. I initially responded to Fairfax and was told victim [REDACTED] had left Fairfax and gone to Evergreen Hospital for treatment. It was reported that [REDACTED], an employee at Fairfax, had been assaulted by a patient at the facility.

I was unable to locate [REDACTED] at Evergreen Hospital and left her a voicemail asking her to contact me when she was available. At approximately 1235 hours dispatch advised [REDACTED] was at Evergreen Hospital and wished to speak with me. I then responded to the emergency department at the hospital and contact [REDACTED]

I contacted [REDACTED] in treatment room #21 at the Evergreen and obtained a recorded statement from her. [REDACTED] explained she was working at Fairfax on this date where she responded to a request to assist with an unruly patient.

[REDACTED] said responded to the West One area of the hospital where a patient was acting out. [REDACTED] described that the decision was made to restrain the patient and she got behind the patient. [REDACTED] said the patient then grabbed her and began pushing her on her chest. [REDACTED] said the patient then grabbed and pushed her hair, continuing to assault her. [REDACTED] said other staff went hands on and began controlling the patient at which time she [REDACTED] assisted by grabbing the patient's legs. [REDACTED] said the patient then used her legs to kick her in the head, causing [REDACTED] to hit her head against the wall three or four times. [REDACTED] said she suffered pain on her chest and head, and had bruising on her face from being struck. [REDACTED] said she didn't know the patient's name as she had come into Fairfax known as Jane Doe. [REDACTED] indicated she was interested in assisting with prosecution of this case if the prosecutor chose to pursue charges against the patient.

I took a series of pictures of [REDACTED] to document her injuries. I did not notice specific injuries on [REDACTED] but did note a slight redness on [REDACTED] upper chest area where she said she was grabbed and struck by the patient. Additionally, it appeared the underside of [REDACTED] left eye was slightly purple. [REDACTED] did not specifically indicate she had been struck in the eye.

## CASE REPORT

### NARRATIVE (continuation)

I responded to Fairfax and contacted witness employee/supervisor [REDACTED] Non-Disclosure [REDACTED] Non-Disclosure provided a written statement which corroborated [REDACTED] Non-Disclosure explanation of events. [REDACTED] Non-Disclosure was present when the incident occurred and assisted with the physical control of the patient. Please see [REDACTED] Non-Disclosure written statement.

I then spoke with witness [REDACTED] Non-Disclosure, who also works at Fairfax. [REDACTED] Non-Disclosure provided a written statement which corroborated [REDACTED] Non-Disclosure explanation of events. [REDACTED] Non-Disclosure was also present and assisted with the physical control of the patient. Neither [REDACTED] Non-Disclosure or [REDACTED] Non-Disclosure knew the patient's name.

I contacted Fairfax front desk staff who identified the patient/suspect as [REDACTED]. [REDACTED] is currently involuntarily committed at Fairfax after having been found laying across train tracks in Everett WA. Since being committed, [REDACTED] has been unruly and has reportedly assaulted several staff members. When she was brought to Fairfax it was reported [REDACTED] had methamphetamine THC, and MDMA in her system. A check of [REDACTED] revealed she is a convicted felon with her most recent conviction being for Assault 2nd Degree. [REDACTED] has reportedly had behavioral issues since being committed at Fairfax.

I spoke with staff who advised video of the incident might be available. I asked that the video of the incident be provided, and was told it would be available on Monday, 10/01/18. I asked [REDACTED] to contact me directly and advise when the video was available. I provided staff with a business card with my contact information.

I placed the pictures of [REDACTED] and her recorded statement into the case jacket.

Based on the specifics of this incident it is unlikely it could be prosecuted as an Assault 2nd Degree.

Please forward this case to the City Prosecutor for review and consideration of charging. If it is determined charges will be filed, I will complete the appropriate charging paperwork.
